TransCanada Boosts Pipeline Safety Measures to Appease Nebraska (Wall Street Journal)

TransCanada Corp. has attempted to appease Nebraska lawmakers by adding increased safety measures to a section of the controversial Keystone XL pipeline system that crosses the state's large underground water system.

<http://online.wsj.com/article/SB10001424052970204479504576639804184346640.html>

Safety steps may head off pipeline (Omaha World Herald)

The top officer of the Nebraska Legislature is now saying that because of the legal risks, state lawmakers should not hold a special session next month to deal with the controversial Keystone XL pipeline.

Nebraska backs away from Keystone XL route law (Reuters)

Legislation proposed in Nebraska to force TransCanada Corp to move the route of its \$7 billion Keystone XL oil pipeline would not likely hold up in court, so lawmakers should scrap plans for a special session to pass it, the state's top senator said on Wednesday.

Baldwin suggests new protest against Keystone pipeline (Toronto Sun)

Actor Alec Baldwin is encouraging activists involved in the Occupy Wall Street movement to take their demonstrations to Omaha, Neb., to protest against plans to construct a major new oil pipeline across the country.

<http://www.torontosun.com/2011/10/19/baldwin-suggests-new-protest-against-keystone-pipeline>

Opinion: The Keystone XL Energy Project Is Much More Than A Pipe Dream

(Forbes)

A recent study from researchers at Cornell University presented some curious findings on the economic impact of Keystone XL, a proposed multibillion dollar extension linking Canada's rich supply of crude oil to major U.S. refining hubs.
